PilotMall.com Inc Offers a Unique Survival Necessity: Canopy Breaker Tool

St. Petersburg, FL – January 14, 2010 - PilotMall.com Inc, a leading online supplier for all pilot supplies, today announces they are now offering a Canopy Breaker Tool. This survival tool is secured inside the aircraft cockpit to a frame member or seat frame, within easy reach of the pilot. In an emergency situation the pilot locates the Canopy Breaker Tool, removes the safety pin and proceeds to use the tool to secure an opening in the Plexiglas large enough to escape from a downed aircraft quickly and safely. Full product details are available at <http://www.pilotmall.com/product/Canopy-Breaker-Tool/safety>

“Not every pilot anticipates emergency situations. Preparation is a key factor in being a safe pilot every time you fly, said PilotMall.com Inc. President and licensed pilot, Neil Glazer. We offer our customers several options when it comes to safety and survival products because we are aware of the dangers involved in flying. I have secured a Canopy Breaker Tool in my Mooney Ovation 3 and would recommend every pilot consider doing the same.”

PilotMall.com Inc is a specialized full-service aviation retailer offering over 4,000 aviation products. For more information about PilotMall.com Aviation Superstore® or its products, visit the web site at www.PilotMall.com or phone Neil Glazer at (727) 209-2586 x 201.
